

CNA Connect® provides small business clients broad and relevant protection, with more than 300 optional coverage endorsements that offer increased deductible options and a wide range of limit options for both Property and General Liability coverages. Many of the coverage options are uniquely designed and not typically offered in today's competitive marketplace. By being available for a broad range of businesses, easy to quote and flexible in its design, CNA Connect® makes it easier to do business with us and makes CNA the clear choice for small business insurance.

## Some key points to consider:

- More coverage and higher limits available on a single policy.
- The flexibility to exclude coverages to reduce premiums.
- Increased deductible options for controlling risk.
- A larger number of coverages with increased limit options.
- Easy to tailor to specific customer needs.

## CNA Connect® Liability Coverage Highlights\*

Agents have the authority to quote General Liability optional limits of \$2,000,000/\$4,000,000 on CNA Central on most classes.

**Aggregate limits per location for Premises Liability included** — Many competitors do not include this policy language and would need to endorse the policy in order to make this coverage available, triggering an additional premium charge.

**Blanket Additional Insured included** — Most competitors do not include this policy language and would need to endorse the policy in order to make this coverage available, triggering an additional premium charge. This endorsement includes:

- 9 types of Additional Insureds.
- Damage to Premises Rented to You.
- Broad Knowledge of Occurrence.
- Blanket Waiver of Subrogation.
- Expanded definition of Bodily Injury to include mental anguish.

- Expanded definition of Personal & Advertising Injury to include discrimination & humiliation that results in injury to the feelings or reputation of a natural person.

## Employment Practices/Fiduciary Liability\*\* at \$10,000 included, with options up to \$500,000 available —

CNA Connect® includes this coverage. Many competitors will only add Employment Practices Liability to the policy, for an additional premium charge.

**Passport Access<sup>SM</sup> endorsement available** — Provides coverage for International Personal Property, International Confiscation, Expropriation, or Nationalization Coverage, Automobile Difference in Conditions Liability and International Kidnap and Ransom/Wrongful Detention Coverage, as well as expanding the Liability coverage territory. Only a handful of business owners' policies offer an international endorsement and many of those offer less coverage than CNA's Passport Access<sup>SM</sup>.

**Professional Liability optional coverages are available as endorsements to CNA Connect® for the following insureds** — barbers, beauticians, dental laboratories, florists, funeral directors, hearing aid establishments, kennels, opticians and optical goods establishments, pastors/counselors, pet groomers, pet sitters, photographers, printers, veterinarians, videographers and wedding consultants. Other classes available through CNA's Miscellaneous Professional Liability offerings.

\* Not all coverages are available in all states.

\*\* Class restrictions apply. Included for 99% of classes.

## CNA Connect® Property Coverage Highlights\*

### Key coverages built-in to the CNA Connect® base policy:

**Coinurance** — CNA Connect® waives coinsurance. Not every business owners policy does this; many carriers still charge a coinsurance penalty on building or business personal property that is not insured to value.

**Business Income and Extra Expense** — Coverage is automatically included on a 12-month Actual Loss Sustained basis, with options to increase up to 24 months, which many competitors do not offer. Additionally, many competitors have a specific waiting period and payroll limitation, which CNA Connect® does not have.

**Business Income and Extra Expense, Dependent Property** — Coverage is included at a \$10,000 limit with the option of increasing limits to \$1,000,000, if needed. Many competitors offer lower limits, or do not offer this coverage in their base product.

**Extended Business Income** — Coverage is automatically included at 60 days, with options to select up to 365 days, which most competitors do not provide.

**Business Personal Property** — The Business Personal Property (BPP) limit at the described premises also applies to BPP in transit and off premises (up to 60 consecutive days at a temporary location). Many competitors include a small sub-limit for BPP in transit or fewer days for BPP at temporary locations.

**Equipment Breakdown** — Is included as a cause of loss, with an option to exclude if desired.

**Business Income Loss as a Result of Equipment Breakdown** — We cover this on an Actual Loss Sustained basis. Many competitors do not include this level of coverage and have a waiting period.

**Inflation Guard** — CNA Connect® includes an inflation guard of 3 percent for Building and Business Personal Property coverage with additional percentage options available.

**Money and Securities** — Coverage is included within the definition of Business Personal Property and up to the BPP limit. Many competitors do not include money and securities in the definition of BPP and only provide minimal limits.

**Computers, Software and Data (EDP)** — We include coverage at \$50,000 for on premises EDP. This is in addition to the Business Personal Property limit.

\* Not all coverages are available in all states.

**Computers Off Premises, including Laptops and PDAs** — We include coverage worldwide at a \$25,000 limit. Higher limits are available. Many competitors do not include worldwide coverage and only provide minimal limits of \$1,000 to \$5,000.

**Business Income/Extra Expense as Result of a Computer (EDP, including website) Loss** — We cover this on an Actual Loss Sustained basis with a 12-hour deductible. Many other business owners policies have a short time limit or small maximum dollar limit included.

**Targeted Hacker Attack** — Coverage is included at a limit of \$25,000 Direct Damage and \$25,000 Business Income. Coverage is provided when employees or customers hack into the insured's computer systems and cause damage.

**Employee Dishonesty** — Coverage is included at a \$25,000 limit, with options up to \$1,000,000 available. Many competitors do not include any Employee Dishonesty coverage in their base form, while others include a minimal amount of \$10,000 with maximum options up to \$250,000.

**Forgery and Alteration** — Coverage is included at \$25,000 limit, with options up to \$1,000,000 available. Many competitors include a small amount with no options to increase.

**Fine Arts** — Coverage is included at \$25,000. Many competitors only include limits of \$5,000 or \$10,000 and do not value Fine Arts with market value as we do. Limits up to \$1,000,000 available.

**Identity Theft/Recovery for Business Owners** — Coverage is included at \$25,000. Many competitors do not have this coverage available, or provide a lower limit.

### Highlighting a few additional coverages available to add to the CNA Connect® base policy:

**Choice Endorsements** — These property extensions provide an assortment of coverages relevant to the insured's specific class or industry.

**Scheduled Property** — Coverage is available for seven different categories of Business Personal Property that is off premises at another location more than 60 consecutive days or while rented or leased to others.

**Blanket Building or Blanket Business Personal Property** — Blanket options are available at no additional premium charge.

**Data Breach Liability and Privacy Event Expense** — Data Breach provides critical coverage for any business that collects private information, such as Social Security numbers, Healthcare Payer ID numbers or credit/debit card numbers.
