

BOARD OF GOVERNORS
Jonathan Bond
Cooper Elliott

PERSONAL STATEMENT:

I am running for the Columbus Bar Association Board of Governors so I can give back to this legal community that has already given me so much. Being originally from Buffalo, New York, at first, I had no connections or relationships with people in the Columbus legal world. Luckily, when I was a young law student struggling to figure out what type of career I wanted to pursue, I was introduced to people at the CBA. With nothing to gain for themselves, those CBA members and employees graciously helped me and connected me to a network of lawyers with whom I still have relationships to this day. These relationships helped me find my footing in Columbus. I can't thank these people enough for helping me and taking an interest in my career and success.

I have come a long way since my days as a long-lost law student. I made Columbus as my home, started a family here, and established my legal career here as a plaintiff's attorney at Cooper Elliott. As a CBA member and lawyer in this community, I have tried to extend the same graciousness once extended to me to all lawyers or students who reach out for guidance. The legal profession can be tough enough already so I always strive to treat everyone, including my adversaries, with kindness and respect.

One way I have tried to give back to this amazing City is by becoming a mentor in the Big Brothers/Big Sisters of Central Ohio, which I have now been involved in for five rewarding years. By running for the CBA Board of Governors, my goal is to pay it forward to this legal community that has embraced me and allowed me to blossom into the lawyer that I've become.

I am honored to be listed among this year's group of outstanding candidates. If elected, I vow to be a committed Board Member who brings a unique and invigorated plaintiff's-side perspective to the role. No matter what, though, I'll keep trying to impact the lawyers of Columbus positively.
