Jamison Law Offices Co., LPA, Principal
Unemployment Compensation Review Commission, Hearing Officer
Franklin County Division of Domestic Relations-Juvenile Branch, Judge
Ohio Court of Appeals, Tenth District, Judge

Candidate Statement:

(In response to the question, "Please explain why you believe you are qualified for the judicial position for which you are seeking election.")

I bring more than 13 years judicial experience, with more than 8 years on the Domestic Relations-Juvenile Branch, overseeing one of the largest dockets in the state of Ohio. I will fairly and impartially apply the law to the individual facts of the case and work to ensure justice and equity for all people. I believe that Chief Justice Roberts said it best, "Judges are like umpires. Umpires don't make the rules. They apply them." When there is no rule that fits the facts, I believe a judge has the authority to interpret the law and render a decision that will answer questions that are of great general interest to the public. The law is evolving and changing daily. I continue to educate myself and stay abreast of legislative changes to the law. A well-informed judge is a better judge. I strive everyday to be an excellent member of the judiciary..
